The Seven at La Reserva de Sotogrande

Inspired by the rolling, rural landscape of Provence, the Seven is a collection of one-of-a-kind homes hidden amongst 10 hectares of verdant parkland - crafted by world-renowned landscape architect Jean Mus.

Each of the seven properties is designed by a different, eminent international architect. Each has its own hectare of land, envisioned by Mus to integrate into its surroundings and enjoy complete privacy,

with unrivalled views across the Mediterranean and up to the hills of Andalucía. Each family home is spacious, fully serviced and enjoys an extensive array of amenities. And each sees the individual aesthetic, imagination and expertise of its architect brought to life on our patch of Provence in southern Spain - together creating an incredible, utterly unique community

The Ark Villa

One of the most established and experienced architecture studios in southern Spain, ARK is known for creating remarkable villas that carefully consider every element - landscaping, views, connectivity and energy flow between rooms - for optimum quality of life. Its architects are also driven by a belief that the surrounding landscape should acquire the same importance as the house itself.
